

Advanced Techniques in Data Analysis, Numerical Simulations, and Data Assimilation

Goals / Objectives

- Provide an overview of the state-of-the-art: awareness/collaborations
- Describe the expected impact in space physics
- Assess the readiness of the techniques for use today

SM11A: 8:00, 10:20 (MCC 3004)

SM13A: 13:40 (poster session, MCC Level 1)

Presentations will be posted at www.sciberquest.com (contact homak@sciberquest.com)
